The promise of the future!

By offering products made of **certified organic** ingredients
and
fulfilling the **International Food Standard** requirements at higher level
we do our best to contribute
to a healthier life in a sustainable environment.

HU-ÖKO-01

Biopont Ltd. – in a nutshell

Soon we'll be 20! - Company was founded in 1997

To meet customers' requirements:

- we rely on our more than **19 years expertise**,
- we invested in a new **4000m² production plant**,
- our production is meeting the requirements of **IFS at higher level**,
- our organic products are certified (**HU-ÖKO-01**),
- part of the raw materials come from our own **3000 ha territory**,
- new recipes and private label packaging solutions are managed by our Development Team.
