## TUTTI • A COMPANY WITH 30 YEARS OF EXPERIENCE

Tutti Ltd. was founded in 1986 by 4 individuals to produce self-patented ice-cream powders. The current site of the company is situated by the main road between Győr and Sopron in Hungary, close to the Vienna-Budapest highway.

The introduction of different powder-based retail and confectionary products marked the first expansion of our product line in 1990 followed by drink powders in 1995. In the next decades by means of innovative technology and creative ideas, Tutti has been developing products of highest quality and has entered several new markets, such as vending drink powders, nutritional supplements and functional food. The company is now situated on over 7000 m2 built-in area.

## TUTTI • HISTORY OF SUCCESS

1986 • Foundation of the company based on self-patented ice-cream powder

1987 • The company moves to a bigger site in Győr and buys the first automatic packaging line

1992 • Purchasing the land for the current site and building a new warehouse

1995 • Production and offices move to the current site

2002 • Purchasing and set-up of the first agglomeration machine

2009 • Expansion of the current site with a new production hall, offices and a new warehouse building
