

PRODUCT RANGE

COSMETICS

1. Men's grooming (shaving)
 2. Body care
 3. Oral care
 4. Hair styling

OUR BRANDS

The **Barbon** brand has a history dating back 70 years, but it remains a leading brand in men's facial care today. **Shaving cream** is one of the basic elements of traditional shaving, but aftershave is also widely known.

Over the years, the design has hardly changed, so in 2024, the packaging of the entire Barbon product line was revamped. With the design change, we are preserving the classic features of the product while offering consumers a more modern, youthful product. The packaging of the products will feature the word "Classic," indicating that the Barbon product line has been expanded with additional members (**Sport**).

OUR BRANDS

Caola Foot powder 100 g

Caola Foot Powder is a high-quality foot care product that helps keep your feet healthy and fresh. With its unique formula and special ingredients, it is extremely **effective at combating foot sweat and unpleasant odors**, as well as **caring** for the skin on your feet. Its main purpose is to enhance the freshness and comfort of your feet. It helps eliminate unpleasant odors, absorbs moisture, and contributes to maintaining healthy skin. Caola Foot Powder is an essential part of daily foot care, especially during hot weather or after long days.

The ingredients in Caola Foot Powder have been carefully selected to ensure the best results.

- Its main ingredient is **peppermint extract**, which refreshes tired feet and soles, providing a pleasant scent and a dry feeling. It helps prevent excessive sweating, making it comfortable to wear with any type of shoe. It is an excellent **antiperspirant** for the feet during sports and in warmer weather.
- The **anti-inflammatory ingredients** in Caola Foot Powder also soothe irritation and inflammation on the skin of the feet.

OUR BRANDS

Caola refreshing foot caring gel 100 ml

A refreshing foot care gel containing natural active ingredients, specially formulated for people who want to keep their feet feeling fresh and comfortable—whether after a long day, after exercising, or simply as part of their general foot care routine.

Its rich, **moisturizing formula** helps **reduce dryness and dehydration** of the skin on your feet. It absorbs quickly, leaves no greasy residue, and has a pleasant, fresh scent. **Paraben- and dye-free.**

- **Calendula** extract and **panthenol** provide all-day hydration and immediate soothing relief for tired feet.
- Thanks to its **menthol** content, it refreshes and revitalizes tired feet. Menthol also provides a pleasant cooling sensation, while the gel absorbs easily into the skin, offering immediate relief. It also helps prevent unpleasant odors.
- **Natural eucalyptus oil** and other natural ingredients have **antibacterial** properties, so they can help prevent foot odor and the growth of unpleasant bacteria.

OUR BRANDS

Hand and nail care

Hand Balm 300 ml

- ✓ Regular use **prevents dryness and cracking of the hands and cuticles.**
 - ✓ Leaves skin soft and velvety
- ✓ Ideal for treating dry hands, especially during the winter months
- ✓ Thanks to its **lanolin** (natural wool fat) content, the **skin is soothed and regenerated**
- ✓ Used by generations for decades (since 1967)

Hand balm 100 ml with a pleasant consistency, prevents drying and cracking of the hands and cuticles.
Quickly absorbed, no greasy feeling.
Contains chamomile and calendula extracts.

Hand-friendly nail polish remover acetone free 75 ml

- Acetone free nail polish remover liquid
- Thoroughly removes nail polish from nails without damaging and drying out the skin of the hands

OUR BRANDS

Caola hand balm 100 ml

- Its light, creamy formula absorbs into the skin in seconds and doesn't leave a greasy feeling.
- Key ingredients in the product include
 - **chamomile extract**, which **moisturizes** and primarily **soothes** the skin,
 - while **calendula extract** provides **anti-inflammatory**, **antibacterial**, and mild **antiseptic** benefits.
 - These special ingredients not only **nourish** but also **protect the sensitive skin** of the hands from drying out. It is the perfect choice for combating dryness caused by winter cold and summer sun exposure.
- The moisturizing and nourishing ingredients not only make the skin soft and supple but also help prevent the formation of cracks and dryness.
- It contains natural ingredients that help maintain the skin's natural pH balance, thereby preventing unpleasant irritation and redness.
- Even those with the most sensitive skin can use it with confidence, as it is free of any irritating substances that the skin may have difficulty tolerating.

OUR BRANDS

Oral care

The Ovenall brand has been present on the Hungarian market since 1927. Initially, only toothpaste was available, but later children's toothpaste and mouthwash concentrate were introduced, which are still available today. The mouthwash concentrate is unique on the Hungarian market.

1927

OVENALL

1948

A refreshing **mouthwash concentrate**, effective in helping to clean teeth and provide fresh breath.

Ovenall toothpaste for children

- KIDS for ages 0-6: fluoride-free, can be used even on baby teeth
- JUNIOR for ages 6 and up: contains fluoride, protects against tooth decay, protects tooth enamel
 - Gel texture – natural strawberry flavour

OUR BRANDS

Oral care

Ovenall mouthwash concentrate 80 ml

- ✓ Thanks to its special active ingredients, Ovenall mouthwash stabilizes the oral flora and effectively eliminates pathogens in the oral cavity.
- ✓ To maintain comprehensive oral hygiene, it is recommended to supplement daily toothbrushing with mouthwash rinsing.
- ✓ It effectively aids in tooth cleaning and ensures fresh breath. The effective formula (menthol) and high concentration guarantee long-lasting fresh breath while contributing to the maintenance of oral health.
- ✓ The mouthwash is able to penetrate perfectly and take effect even in those areas where toothbrush bristles, dental floss, or interdental cleaners can barely reach or cannot reach at all. Using Ovenall can prevent uncomfortable and often very painful oral inflammations.
- ✓ In the case of mouth ulcers or oral infections, using a few drops of mouthwash will clear up the infection within a few days.
- ✓ Thanks to its compact packaging, it fits anywhere, so you don't have to skip oral care during the day or even while on vacation.
- ✓ Recommended use: Add 3–4 drops of the liquid to a glass of water, then rinse in the mouth for 1 minute. Use it after meals and after brushing your teeth.

OUR BRANDS

Hair styling

Velmetina

- ✓ This extra-strong hold gel creates a long-lasting, flexible style, whether you're looking for a look without the stiffness of hairspray or a style that lasts all day.
- ✓ Its special formula preserves the hair's natural movement, so it won't feel stiff or sticky.
- ✓ With a subtle, mild scent, it provides extra-strong hold without damaging the hair.
- ✓ The special formula helps keep your hairstyle in place all day long.
- ✓ The gel is easy to style, so any look is effortless to achieve.
- ✓ It doesn't leave hair feeling sticky or overly stiff, so it can move naturally.
- ✓ The gel protects hair from environmental factors such as wind, rain, humidity, and heat damage.

Velmetina Hair styling gel – wet look / extra strong 100 ml

- Strong hold and flexibility.
- Provides all-day hold for your hairstyle.
- Contains D-panthenol to nourish the hair, moisturize, regenerate, and leave hair shiny and silky smooth
