Vitamins D3 and K2 (60-60 capsules)

NEW PRODUCT
FOR MALE
FERTILITY!

FERULANT

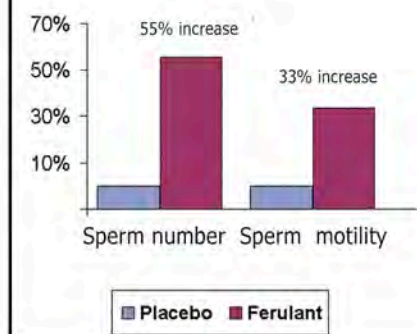

Improve male fertility

FERULANT for men is a scientifically proved, patented premium formula to

- increase sperm count and motility,
- increase the chance for pregnancy.

Clinical results after administering Ferulant for 3 months

In a placebo controlled clinical study at the Stanford Medical School, Ferulant

- increased the number of sperms by 55%, their spontaneous motility by 33%, their linear motion by 16%.
- 3-6 months treatment (together with the female partner) resulted in healthy and normal fertilization in 30% of infertile couples.

Studies performed in Hungary on 100 male partners, and 55 couples, resulted in similar encouraging successes.

(Czeizel et al. Orv. Hetilap, 2012, 153, 1787-1792.)

Health effects of ingredients:

L-Carnitine, an amino acid proven to be important for active and healthy sperm. **Ferulic Acid**, an antioxidant found in Dong quai, also improves sperm quality. **Antioxidant vitamins C and E**, and antioxidants found in **green tea** along with **selenium** improve general reproductive health by fighting against harmful free radicals. **Zinc and vitamins B6, B12, and folic acid** are important nutrients for the male reproductive system for good hormone homeostasis, sperm development and motility.

Recommended for men without genetic or reproductive organ problems, to optimize and improve fertility.

MAXIMUS

For male vitality and sexual health

Dietary supplement containing L-arginine, ginseng, ginkgo extracts, antioxidants, vitamins A, C, and E, vitamin B complex, folic acid, and vital trace elements - the every day nutrients for men.

90 capsules / box

MAXIMUS

Daily multivitamin with herbal extracts to support overall and sexual health of men

Maximus Works in 4 Important Ways

Maximus provides the amino acid, L-Arginine as the building block for the production of Nitric Oxide.

Maximus provides extracts of the natural botanicals American and Korean ginseng, which enhance the conversion of L-arginine into Nitric Oxide by Nitric Oxide Synthase.

Maximus provides the natural herb, Ginkgo Biloba to promote overall microvascular circulation.

13 essential vitamins and minerals promote general sexual and reproductive wellness.

The net effect is an increase in efficiency of the Nitric Oxide pathway and an increase in Nitric Oxide production, which leads to enhanced circulation and arousal.

10 mg LUTEIN
per capsule!

LUTEIN-PLUS

Daily nutrients for the eye,
supporting sharp vision
when eyes are aging or
fatigue

30 capsules/box

Dietary Supplement containing

Swedish bilberry fruit extract,
lutein, zeaxanthin,

Lutein-Plus intends to provide your daily intake of **lutein in one capsule per day**. It is combined with antioxidants and trace elements for maintaining daily eye health.

Bilberry (*Vaccinium myrtillus*) extract component supports the bioavailability of lutein and is beneficial for capillary vessels of the eye. Lutein and zeaxanthin are natural antioxidant constituents of the retina and lens protecting eyes against harmful light exposure by absorbing blue light and scavenging reactive oxygen species. They contribute to the integrity and health of the retina which is most essential for optimal visual performance. As we age, we are losing these vital components of the eye, so, it is important to replenish them from food or supplements.

Lutein-Plus is recommended for individuals

- exposed to oxidative eye-damaging effects of strong UV light,
- working long hours with computers,
- exposed to harmful environmental effects causing premature aging of the eye.

Recommended daily dose: 1 capsule

Supplement facts (amount in daily dose, 1 capsule):

Zinc	15 mg	DV 150%*
Copper	2 mg	DV 200%
Selenium	160 µg	DV 290%

BILUTIN-OMEGA

Helps replenish nutrients
that our eye may lose as
we age

LEADING
PRODUCT FOR
EYE HEALTH!

30 or 60 capsules / box

Dietary Supplement containing

bilberry fruit extract (*Vaccinium myrtillus*),
zeaxanthin, lutein, beta-carotene,
zinc and copper, selenium,
Vitamins E and C, EPA and DHA omega-3
fatty acids

BILUTIN-OMEGA is designed to replenish those nutrients that are protecting and nourishing our eyes and are believed that the aging eye is constantly losing. This premium formula contains the clinically proven nutrients now recommended by the NEI based on the clinical evidence from the AREDS2 (age related eye disease) study. High quantity of **Swedish bilberry extract** helps not only the fine capillaries but beneficial also for **absorption of lutein**. It provides all the daily essential nutrients, vitamins and trace elements for healthy eye function.

BILUTIN-OMEGA supports

- the fragile capillaries of the retina,
- healthy collagen levels in the eye,
- protection of the eye against harmful daylight exposure,
- the integrity and health of the retina and the lens.

Omega-3 fatty acids, DHA+EPA, represents a new-generation eye supplement, DHA is a basic component of the retina.

Recommended for individuals

- exposed to oxidative eye-damaging effects:
strong light or computer work;
- in risk of age-related macula degeneration;
- Wanting to slow down aging of the eye.

Recommended daily dose: 2 capsules

Supplement facts (amount in daily dose, 2 capsules):

CRAN-C

Supports urinary tract by
hindering bacterial
adhesion

Dietary supplement with
cranberry extract (*Vaccinium macrocarpon*) and
vitamin C

Cranberry (*Vaccinium macrocarpon*) is known about its beneficial effect against *E.coli* infection in the urinary tract. It is believed that cranberry disables harmful bacteria by an anti-adhesion mechanism and can be flushed out by consuming sufficient quantity of fluid. Natural compounds in cranberries, e.g. proanthocyanidins, have a protective action in the body against the damaging effects of free radicals. Cranberry extract having standardized quantity of proanthocyanidins along with vitamin C, a strong antioxidant and immune system supporter.

Simple, natural, and safe!

Cranberry capsules make an excellent choice of 0 calorie alternative to high sugar cranberry juice to have the same health benefit.

It can be necessary

- In the winter: in cold days when the immune system needs a boost,
- In the summer: in vacation days, at travels when swimming in cool water,

Recommended daily dose: for adults 3 capsules daily with at least 2L of liquid for best results. For 1-3 year old children mix the content of 1-2 capsules per day into baby food or yoghurt.

Supplement facts (amount in daily dose, 3 capsules):

Vitamin-C	60 mg	DV 75% *
Plant extract: Cranberry		**

GASTRO-BON

GASTROINTESTINAL
BENEFIT!

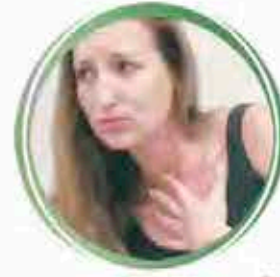

Support for digestive health

To reduce symptoms of acidic reflux

Dietary supplement containing

DGL (Deglycyrrhized Licorice extract), Pre- and Probiotics in a naturally sweetened chewable tablet with xylitol

GASTRO-BON is a combination of DGL with pre- and probiotics, **Lactobacillus** and **Bifidobacterium** strains for best results. It provides a **complete support for the gastrointestinal tract** by protecting the esophagus and the stomach from irritating effects of stress, infections, chemicals, medications, and alcohol damage.

Recommended to support

- ◆ Digestive health when discomfort, bloating, lower abdominal pain and diarrhea occurs
- ◆ **Esophagus when acidity hurts or reflux occurs,**
- ◆ Balance of intestinal microflora as a consequence of antibiotic treatment,
- ◆ Digestion in case of **lactose intolerance.**
- ◆ **DGL** protects the digestive tract by increasing mucus secretion and regulating the growth of the potentially harmful bacteria, *Helicobacter pylori*
- ◆ **Probiotics** enhance the levels of beneficial microflora and strengthen the immunosystem
- ◆ **Xylitol** has a strong oral hygienic effect and is **safe for diabetics and hyperglycemia prone persons**

Recommended: 1 chewable tablet without any liquid 20 minutes before meals for best results.

Supplement facts

(amount in daily dose, 2 tablets):

Probiotics 5×10^9 cfu

Plant extract: Licorice Root (DGL)

CLEAR
BREATHING!

ALLIX-FORTE

Support of respiratory health

60 capsules/box

Horseradish (*Armoracia rusticana*), **Garlic** (*Allium sativum*), **Ginger** (*Zingiber officinale*), **Fenugreek**, **Citrus** and **Green Tea** (*Camellia sinensis*) extract, **Parsley** (*Petroselinum*), with **Histidine**, **Zinc**, and **Vitamins C and D**

Recommended in the cold seasons or
in the summer when pollen attacks.

The natural plant extract combination of ALLIX contributes to maintaining the strong functioning of our whole body and immune system, especially the upper respiratory tract. The beneficial effects of this complex dietary supplement are attributed to the natural saponins in fenugreek, alliin in garlic extract, sulphur components in horseradish extract, and gingerol of ginger extract.

Recommendations:

- ♦ To **strengthen the immune system** throughout the year
- ♦ To **keep the respiratory tract clear** and congestion-free in the winter during flu season, as well as in the summer, when **hay fever and pollen allergies** are prevalent.
- ♦ Antioxidant effect **inhibits harmful oxidative processes** and supports general health

Recommended daily dose: 2 capsules daily.
In case of respiratory complaints, 1-2 capsules 2-5 times daily as needed

Supplement facts

(amount in daily dose, 2 capsules):

Vitamin-C	80 mg	DV 100 %
Vitamin-D3	25 µg (1000NE)	DV 500 %
Zinc	10 mg	DV 100 %
Plant extracts: Horseradish, Ginger, Fenugreek, Citrus, Green tea, Parsley		

ANTIOXANT

Natural broad spectrum antioxidant protection

5 FRUITS
RICHEST IN
ANTIOXIDANTS!

Pomegranate (*Punica granatum*), **cranberry** (*Vaccinium macrocarpon*), **grape peel and seed**, **citrus**, and **green tea** with **Selenium** and **Vitamin C**

60 capsules/box

50 ml / bottle

ANTIOXANT contains the extract of 5 specially chosen exotic fruits and plants rich in antioxidants, along with **vitamins** and **trace elements** contributing to the healthy functioning of the body and that of the immune system. The **variety of antioxidants** in natural extracts **have an additive effect, complementing effectiveness of the components.**

Recommendations:

- ♦ For every day protection against cell damaging oxidative processes provoked by **free radicals** due to environmental hazards:

UV radiation,
air pollution,
smoking ,
stressful lifestyle,
unhealthy diet .

- ♦ For **physical and mental health and endurance**
- ♦ Supporting the sensitive cells of the reproductive organs
- ♦ **In case of fatigue and decreased energy** due to an unhealthy life style and diet.

GRALMA

Antioxidant protection of heart and arteries, controlling healthy cell growth and proliferation

MEDICALLY PROVEN INGREDIENTS FOR THE HEART!

Pomegranate (*Punica granatum*) and grape seed (*Vitis vinifera*) extracts with lecithin, resveratrol, folic acid and vitamin C

The main ingredient in GRALMA is the extract of the unique pomegranate fruit which contains specific antioxidants (ellagic acid and punicalagin). Punicalagins are the major elements behind the pomegranate's antioxidant capability and has been recently researched widely for its beneficial characteristics. The pomegranate fruit extract is complemented with important nutrients contributing to **maintaining a healthy cardiovascular system, including cholesterol level, HDL/LDL ratio, and blood pressure**. Pomegranate is an excellent source of natural antioxidants which help protect cells against the harmful effects of free radicals, and thereby help control their healthy proliferation.

Recommended daily dose: 1-2

Recommendations:

- General support for the normal functioning of the cardiovascular system
- To support and promote healthy cell proliferation
- In times of intense physical and mental activity

BILACE

Support of blood vessels and capillaries

**ENHANCING
MICROCIRCULATION!**

45 capsules/box

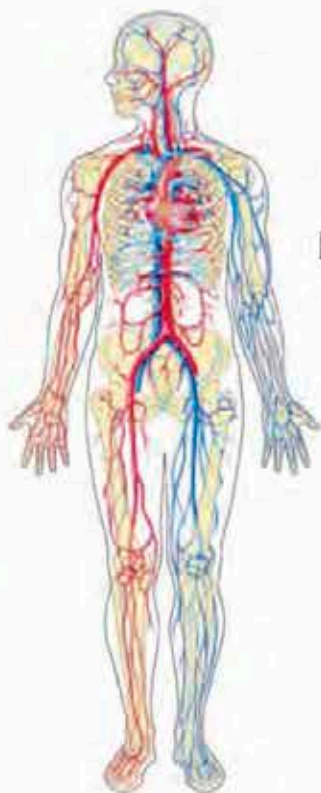

Bilberry fruit extract (*Vaccinium myrtillus*) with Vitamins C and E and Beta-carotene

The exceptional anthocyanins of the unique bilberry fruit **promote the health and elasticity of capillaries and veins**, organs that are fundamental for the transport of oxygen and nutrients throughout the body. The ingredients of BILACE are essential nutrients for optimal vitality and energy we need every day. This dietary supplement helps blood vessels resist the damages caused by free radicals, support their regeneration and maintain their flexibility. The healthy functioning of the brain and eyes, where capillaries are most abundant, can significantly benefit from the valuable effects of BILACE. Vitamins C, and E and beta-carotene are essential nutrients that complement the advantageous antioxidant effects of the bilberry fruit.

Recommendations:

- ◆ During increased physical and mental workload
- ◆ Fatigue of the eyes
- ◆ Recovery from illness or surgery, to help capillaries and veins regenerate
- ◆ Increased environmental and lifestyle stress

Recommended daily dose: 1-3 capsules

Supplement facts (amount in daily maximum dose, 3 capsules):

ABOUT PHARMAFORTE LTD.

Pharmaforte Ltd. (Hungary) is a family-owned enterprise established in 2002 in Budapest, Hungary by two internationally acclaimed scientists, Prof. Dr. George Osapay and dr. Klara Osapay. They are both experts in bio-medical and drug research. Integrating their international experience and expertise from universities and pharmaceutical companies in California, New York, Belgium and Budapest, they focused on the development of dietary supplements. These functional food products can provide health protection as well as complementary therapies that contribute to the prevention of certain diseases.

Pharmaforte supplement products are manufactured in Hungary by using ISO standards Quality Management System accreditation: ISO 9001:2008. All ingredients and products are tested and analyzed by rigorous HPLC, MS and UV procedures.

Pharmaforte was the first in the Hungarian market that launched a dietary supplement containing cranberry extract. (**CRAN-C** supports urinary tract health). Other newly developed products containing bilberry and pomegranate combined with vitamins followed that target eye and cardiovascular health problems (**Bilutin, Lutein, Galma**).

In 2006, the scientists at Pharmaforte Ltd. established a cooperation with a small American company for developing and then establishing clinical studies of fertility enhancing products for men and women. The clinical studies have been carried out at Stanford University in California and at the Fetal Diagnostic Center in Hungary. **Ferulant** for men was registered in 2007 as a therapeutic agent in Hungary. **Ovant**, fertility enhancing product for women was registered in 2011 as supplement.

As an ongoing scientific effort Pharmaforte Ltd. undertakes clinical and laboratory studies. Hungarian clinical testing of Ferulant, a therapeutical product aiding male fertility was successfully finished and the results were published in 2012. The company's current clinical studies focus on the effectiveness of **Ovant** for women.
