Revitalize

MESOTHERAPY SERUMS
PROFESSIONAL | NATURAL | UNIQUE

HIGH CONCENTRATION OF ACTIVE INGREDIENTS INNOVATIVE | UNIQUE

WHAT DOES A BEAUTY PROFESSIONAL DREAM ABOUT?

Since 2017, we have been discussing with medical and beauty professionals about the development to achieve even greater customer satisfaction with **Revitalize** products. Countless invested efforts have borne fruit, as **Revitalize** now conquers the international market with 8 unique and innovative serums. The range is very competitive and is considered among the best-seller brands in many countries.

Conversations with medical and beauty experts gave us a clear direction for **Revitalize** developments: the products should be unique, long-lasting, natural, sterile, well-balanced active ingredient concentration and have a fair price. We are proud to announce that ***the dream has come true*** and you don't have to wait any longer...

WHAT IS THE SECRET OF REVITALIZE SUCCESS?

- It is compatible with most cosmetic protocols and equipment worldwide.
- The serums can be mixed creating new cocktails to enhance the effect.
- It achieves immediately spectacular results.
- It is a revolutionary market innovation.
- It has beautiful packaging with a colour-coded design to help professionals quickly identify the product needed.
- One of the key factors of our success is our team of experts that surround the **Revitalize** range.

“REALIZE YOUR INNER BEAUTY”

GET TO KNOW US BETTER!

My Med Aesthetics was founded in 2017 by Roberto Caldeira, who in the beginning created the **My Filler** brand focusing on the production of cross-linked hyaluronic acid dermal fillers. Over the years, the products have become well-known and loved worldwide and now are present on the aesthetic fillers market in almost 50 countries.

Encouraged by **My Filler**'s success and in consultation with top experts, **My Med Aesthetics** created **Revitalize**, the specialized mesotherapy line. Numerous success stories, international awards and recognitions have accompanied our journey ever since, for which we are very proud and grateful!

The mission of the **My Med Aesthetics** since its foundation has been to promote and preserve natural beauty and raise awareness of “slow aging” concept. Helping to achieve physical-spiritual harmony is one of the most important messages that we communicate on all our channels.

PRODUCTION

A best-selling product can only be achieved as a result of a high-quality manufacturing process, which is why we pay special attention to the European and International quality standard compliance of **Revitalize** production from the very beginning.

Our manufacturing process starts from the reception, control and storage of raw materials, the cleaning and sterilization of the vials and syringes; through to the monitoring of the formula preparation; the quality control tests made during and after production; the fully automatic placement of the product into syringes or vials and the final packing and the product transportation to the warehouse and shipping to our distributors all which complies with all European rules and standards of a Medical Device Class III as well as the standards of Cosmetology professional preparations.

Revitalize Pure

- The expert in **strong hydration**

MYF500

Revitalize Pure unique formulation has the perfect balance of collagen and non-crosslinked hyaluronic acid.

Revitalize Pure can be used for stretch marks, acne marks, scar marks and other skin imperfections.

The collagen increases the generation of new fibres and at the same time repairs and reinforces the existing ones. The hyaluronic acid increases dermal hydration all around the treated area.

Repairing and restructuring treatment is now a reality...

REVITALIZE PURE

Indication: For all skin that needs to regenerate in texture and tone.

Application: Apply **Revitalize Pure** to the hands, face, neck, neckline and body. It can be mixed with other **Revitalize** serums to enhance performance. Use any locally approved mesotherapy device to speed up the results.

- 1st Month:** 2 applications (once every 2 weeks).
- 2nd and 3rd Month:** 1 application (once a month).
- Maintenance:** 1 application every 60 days.

Contents:

- Sodium Hyaluronate 12mg/ml
- Hydrolyzed Collagen 5%

Packaging: 5 vials, 5 ml each.

Revitalize Essence

- **Immediate** and **long-lasting** results

MYF515

A new concept has been added to the range – **Revitalize Essence** is the future of mesotherapy. It has an optimized potential to hydrate the tissues with added cross-link technology to give much longer-lasting results.

It has both high and low-density molecules perfectly balanced to give optimum hydration coupled with a robust viscosity. This combination makes it a 'hybrid' product offering clients the rejuvenating properties of a top-quality mesotherapy serum whilst physically smoothing wrinkles and skin imperfections in a similar way that dermal fillers work within the tissues.

REVITALIZE ESSENCE

Indication: Restores elasticity and promotes longer-lasting hydration.

Application: Face, neck, hands, décolletage, arms, tummy, thighs and any area that requires rejuvenation. It can be mixed with other **Revitalize** serums to enhance performance (except **Revitalize Booster**). Use any locally approved mesotherapy device to speed up the results.

1st Month: 2 applications (once every 2 weeks).
2nd and 3rd Month: 1 application (once a month).
Maintenance: 1 application every 60 days.

Contents:

- Sodium Hyaluronate Crosspolymer
- Sodium Acetylated Hyaluronate
- Hydrolyzed Sodium Hyaluronate

Packaging: 2 vials, 5 ml each.

Revitalize Booster

- Unique *highly regenerating*

MYF506

Growth factors are naturally produced when a wound in our body requires tissue reparation. Fractional lasers, microneedling and electroporation are based on this exact same process, the practitioner creates a microscopic wound that triggers EGF production.

Revitalize Booster is an EGF (Epidermal Growth Factor) of last generation. Composed of 53 amino-acids widely present in our skin.

REVITALIZE BOOSTER

Indication: It promotes dermal repair increasing its self-regeneration rate.

Application:

1. Mix the content of 2 ampoules into a vial of **Revitalize Pure**.
2. Shake until a homogeneous emulsion forms.
3. Apply 1ml of the solution per 10 x 10cm.
4. Repeat the treatment once a week in the previously treated area.

Booster is not injectable.

Contents:

- Epidermal growth factor (EGF)

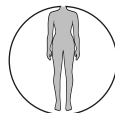

Packaging: 4 ampoules, 1 ml each.

Non injectable

Regenerator

Body

Face

Revitalize Vitamins

- Responsible for the **vitamin stock** of the skin

MYF501

Stress, sun over-exposure and wrong diet age the facial and body appearance. To keep it in good condition or recover it to shiny and healthy skin, treat it correctly.

Revitalize Vitamins special formula is composed of 69 essential ingredients to bring back the skin's beauty and maintain it.

Its composition contains hyaluronic acid, vitamins, amino acids, minerals and coenzymes that improve and revitalize the state of the skin.

REVITALIZE VITAMINS

Indication: Revitalizing and illuminating.

Application: Apply **Revitalize Vitamins** to the hands, face, neck and neckline. It can be mixed with other **Revitalize** serums to enhance performance. Use any locally approved mesotherapy device to speed up the results.

1st Month: 2 applications (once every 2 weeks).

2nd and 3rd Month: 1 application (once a month).

Maintenance: 1 application every 60 days.

Contents:

- Vitamin complex

Packaging: 5 vials, 5 ml each.

Revitalize Body

- Tightens *sagging skin*

MYF502

Body and facial flaccidity is a direct consequence of aging and/or weight changing.

To maintain firm skin, without wrinkles, we must be very consistent with a healthy diet and good hydration habits.

Revitalize Body formula is composed of organic compounds, DMAE and Dexpanpentol, which will reaffirm and restore the collagen fibres that support the skin, re-shaping them, removing the sagging effect and combating flaccidity.

REVITALIZE BODY

Indications: Flaccidity, striae, stretch marks, post laser, post peeling, scrubs and alopecia.

Application: Revitalize Body protocol is recommended through therapy with any locally approved mesotherapy device to speed up the results. It can be mixed with other **Revitalize** serums to enhance performance.

- 1st Month:** 4 applications (once a week).
- 2nd Month:** 2 applications (once every 2 weeks).
- Maintenance:** 1 application every 30 days.

Contents:

- Methylsilanol Mannuronate 2.5%
- Dimethylaminoethanol Tartrate 1%

Packaging: 5 vials, 5 ml each.

Chest

Neck

Revitalize Slim

- **Fat reduction**, where it is most needed!

MYF503

Poor diet, lack of exercise and stress are the main reasons of fat accumulation. It has become one of the main requests for an aesthetic treatment.

Revitalize Slim lipolytic and anti-cellulite formula is composed of an insulin-like growth factor, phosphatidylcholine, sodium deoxycholate, carnitine and trace elements.

Effectiveness from the first session...

REVITALIZE SLIM

Indications: Localized fat accumulation on the tummy, back of arm, double chin and legs.

Application: **Revitalize Slim** protocol is recommended through therapy with any locally approved mesotherapy device to speed up the results. It can be mixed with other **Revitalize** serums to enhance performance.

1st Month: 2 applications (once every 2 weeks).

Maintenance: 1 application (once a month).

Contents:

- Phosphatidylcholine 2.5%
- Sodium Deoxycholate 1.5%,
- Carnitine 4%

Packaging: 5 vials, 10 ml each.

Protocol

Revitalize White Skin

- The queen of *lightening hyperpigmented spots*

MYF505

Superficial pigmentation can be easily removed but deep pigmentation (Melasma, etc...) requires a special procedure.

Mesotherapy treatments allow reaching the deeper layers of skin. Using **Revitalize White Skin** serum in combination with specialized devices will increase freshness and glow to the skin.

The effectiveness of whitening mesotherapy is much higher than long-term topical whitening creams.

REVITALIZE WHITE SKIN

Indications: Lighten skin tone and reduce pigmentation spots.

Application: **Revitalize White Skin** protocol is recommended through therapy with any locally approved mesotherapy device to speed up the results.

1st and 2nd Month: 8 applications (once a week).

If the final results are achieved before the 8 applications, the protocol can be suspended.

The process can speed up with the addition of **Revitalize Booster**.

Contents:

- Kojic Acid
- Retinol
- Ascorbic Acid (Vitamin C)

Packaging: 5 vials, 5 ml each.

Non injectable

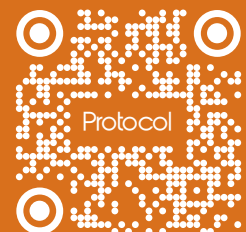

Whitening

Body

Face

Revitalize Hair

- **Strengthening hair**, increasing self-confidence

MYF504

Hair loss at an early age creates discomfort and embarrassment for anyone, man or woman. **Revitalize Hair** acts in the prevention, re-densification and stimulation of the hair follicle matrix responsible for hair, beard and eyebrow growth.

Revitalize Hair takes effect at a dermal level on the fibroblasts situated next to the follicle bulbs optimizing the development of a healthy hair matrix.

REVITALIZE HAIR

Indications: Nourishing the scalp and promoting hair growth.

Application: **Revitalize Hair** protocol is recommended through therapy with any locally approved mesotherapy device to speed up the results.

1st and 2nd Month: 8 applications (once a week).

Maintenance: 1 application (once a month).

The process can speed up with the addition of **Revitalize Booster**.

Revitalize Intro Set

If you are curious about our products but haven't tried them yet then you need the **Revitalize Intro Set**, which contains 7 mesotherapy serums.

You will find 1 vial of each product in the kit - with the exception of **Revitalize Essence** - so you can try and even mix between them creating new cocktails.

After you experience the quality of our products, you will use them with more confidence.

MYF507

REVITALIZE PEN

Nowadays, millions of practitioners worldwide offer microneedling treatment in their practice because of its effectiveness and efficiency when it comes to handling common skin problems like stretch marks, aging, wrinkles, fine lines, acne scars, hyperpigmentation and so much more.

Revitalize Pen is a small but powerful cordless device used for microneedling procedures. It has an anatomical form to optimize handling and comfort during its use. It comes in a neat elegant metal case with space to carry the spare battery and any serums or needle heads required for a treatment.

Revitalize Pen can be adjusted with the needle speed as well as its depth of work. On the side of the **Revitalize Pen** we placed different LED's which will help to adjust the needle speed in correspondence to a colour. Moreover, **Revitalize Pen** has a rotating ring where the depth work of the needle can be adjusted, from 0,25mm to 2,50mm.

The complete set is composed of 1 **Revitalize Pen**, 2 rechargeable batteries, an electric cable, power adapter, 2 needle cartridges and instructions for use.

Different cartridge types are available upon request.
